November 1, 2013

Dear CenCom E9-1-1 Applicant,

Please accept this letter as my greetings and welcome to CenCom E9-1-1. As you complete your application to work at CenCom E9-1-1, I strongly urge you to review the entire application packet. CenCom has worked hard to make our application packet as informative as possible. It has been our experience that while the field of Public Safety Communications seems appealing to a wide variety of people, the actual work and hours required are not always appealing.

We have included a pre-employment checklist for you to review. This checklist covers many issues that have raised issues for some employees. Please review this checklist and if applicable go over them with your family or whomever you feel is important. Upon reviewing this checklist if you feel that this position is one you are interested and capable of performing please complete and return the required application materials.

PLEASE READ THE FOLLOWING INSTRUCTIONS:

1. Please complete the entire four (4) page application completely. All areas must be filled in even if a resume is attached. The application must be signed and dated.
2. Please complete the waiver and consent form. This form is required so that CenCom can begin a thorough background of an applicant as they move forward in the hiring process. This form must be signed in front of another person and the witness's signature is required.
3. Please complete the Illinois State Police conviction information name check request. The boxes that are identified with an asterisk (*) in front of them need to be completed. This information is also needed to begin our required background investigation.
4. Please review and complete check list and submit it with the packet.

Failure to complete the application completely could result in your removal from the hiring process. All four (4) forms (application, Waiver and Consent, Conviction information name check request and the Employee check list) are to be returned from the application packet.

Applications can be dropped off in person or mailed to CenCom, (Attention: Application) for review. Please do not fax applications.

Applications will be reviewed, and those applicants that meet or exceed our minimum requirements will be contacted to take a written and typing exam at our next scheduled testing period. I appreciate your interest in CenCom and wish you the best of luck in our hiring process.

Sincerely,

Lisa Berger

CENCOM E9-1-1 PRE – EMPLOYMENT CHECKLIST

CenCom E9-1-1 has found that the field of Public Safety Communications is not a field suited to every person who applies to work as a Telecommunicator. Many applicants consider only parts of the job such as pay and benefits instead of looking at the less attractive aspects including working shift work, weekends and holidays.

While there are many satisfying, rewarding aspects the position of Telecommunicator and 9-1-1 Telecommunicators make significant contributions to the welfare and safety of their fellow citizens, it is important for all applicants to carefully consider **both** the negative and positive features of a new career **before** considering the position.

The job factors listed below are features of the Telecommunicator position about which many applicants are unaware. This questionnaire should be taken home, considered carefully and if pertinent, discussed with your family or whomever else you feel is important. If you are concerned about any of these items, you may discuss your concerns with the Director.

Should you be successful in passing all the phases in the testing process and are offered a position, you will be given a new form and asked to sign each line. The form will then become part of your permanent personnel folder.
